Siesta Key is Around the Corner

Located in the heart of Siesta Village is an array of places to go. It is your one stop shop for all your beach & vacation needs! There are plenty of shops and restaurants available to help you unwind and enjoy the Siesta Key Area.

Siesta Key Beach

In 2011, Siesta Key Beach was rated as the #1 beach in the United States by "Dr. Beach", a.k.a. Dr. Stephen P. Leatherman, director of Florida International University's highly respected Laboratory for Coastal Research.

In 2004 the Travel Channel named it "The Best Sand Beach in America" because of its 99% pure quartz sand that stays cool under your feet.
